

## PRELIMINARY ENTRY REQUEST (PER)

To enable athletes as many opportunities as possible to qualify for a specific international event WNZ High Performance has introduced a Preliminary Entry Request (PER).

This form enables Coaches to request an athlete be included on the Preliminary Entry List BEFORE the last sanctioned qualifying event.

Coaches (or in the absence of a Coach, the athlete themselves) are required to submit a PER for individual athletes who have identified a particular event on their 2024 Individual Performance Plan

If a PER is not submitted for an event, the athlete will not be included in the Preliminary List as this indicates that the athlete is not targeting that event.

Below are the links to each PER for the current sanctioned IWF 2024 International events.

If you are unable to click on the link – please copy and paste into your browser.

Not all PERs are open, refer to the [2024 Selection Policy for International Events](#) for each event's PER deadline.
